ICMSD Postponement Announcement

Due to the new wave of the pandemic in China and worldwide caused by the Covid-19 and the traveling restricted by policies according to the rapid development of the epidemic, there is little chance that international or Chinese scholars are able to participate in the conference in person. This urges us to make a painful and hard decision to postpone ICMSD 2021 to 12th-18th August 2022 and rename it as ICMSD 2021+1.
